BRAZILIAN COFFEE

COMPANY

Baggio Café is a pioneer in the production of specialty coffees in Brazil. Recognized for the excellence of its products, the company has already been awarded 13 times by ABIC and relies on cutting-edge technology and consolidated expertise to produce some of the best Brazilian coffees in its 100% in-house roasting facility.

The Baggio family's history in the coffee universe began in 1886, when their ancestors arrived in Brazil from Italy. Since then, tradition and innovation have gone hand in hand, resulting in specialty Arabica coffees offered in various formats, capable of meeting the demands of different markets and consumer profiles.

We offer specialty Arabica coffees in various formats, meeting the demands of different markets and consumer profiles. Our portfolio includes roasted whole bean coffee, ground coffee, drip coffee (individual pour-over coffee), and capsules compatible with Nespresso® and Dolce Gusto® systems. We also have an exclusive line of flavored coffees, with options like Truffled Chocolate, Mint Chocolate, Hazelnut Chocolate, Caramel, and Vanilla, providing distinct sensory experiences.

A pioneer in the development of flavored coffees and among the first Brazilian brands to enter the capsule segment, Baggio Café has innovation as one of its main pillars. Throughout its journey, it has established itself as a national benchmark in specialty coffees, recognized for the quality, authenticity, and excellence of its products. Our commitment is to provide unique experiences, bringing coffees produced with passion, knowledge, and dedication to consumers.

Currently, the family farms produce thousands of bags of high-quality coffee. The care in cultivation and the coffee tradition have been passed down through generations, preserving the artisanal values inherited from their ancestors and combining them with modern production technologies. This balance between tradition and innovation ensures the excellence and unique identity of Baggio coffees.

DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:
