

COFFEE

COMPANY

Founded on May 2, 1957, COOMAP (Cooperativa Mista Agropecuária de Paraguaçu Ltda.) is based in the city of Paraguaçu in the southern portion of Minas Gerais. The organization strives to improve the sales process involving coffee production for its members in an effort to provide a better quality of life for them and their families.

There are currently 700 coffee growers who are members of the cooperative, and these producers sell an average of 160,000 bags annually through COOMAP.

PRODUCTS

NCM 09.0111. 10

The coffee produced by COOMAP is 100% traceable, and its intrinsic value lies in the fact that all members are paid fairly and have free access to high-quality technical assistance.

COOMAP also offers all its members social, environmental and technical projects that provide the optimal conditions for improving the quality and productivity of crops, thereby increasing the prosperity of producers.

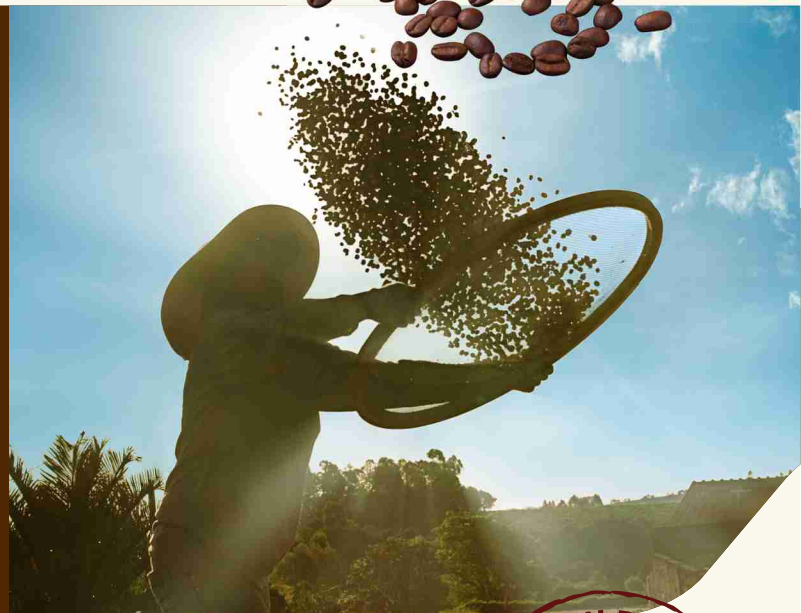

ARABICA COFFEE: Catuaí, Novo Mundo and Arara varieties. Brew: good cup, fine cup and specialty.

DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:

Average production of 160,000 60kg bags per year. All storage and processing are done at our state-of-the-art plant. The cooperative is prepared to export in 30 kg and 60 kg bags, big bags and bulk containers.
