WINES AND SPARKLING WINES

NCM 2204.21.00

NCM 2204.10.90

COMPANY

The history of Brocardo Vinhos began in 1973, when Euclides Luis Brocardo settled in Encruzilhada do Sul (RS), dedicating himself to fruit and forestry cultivation. In 2000, he began cultivating his own vineyard, giving rise to a project focused on valuing the region's terroir.

Currently, Brocardo Vinhos has its own vineyards in Encruzilhada do Sul, where it produces wines and sparkling wines that express the identity and quality of its terroir. In 2020, Gabriela Brocardo began vinifying the property's grapes, producing the first bottles of Pinot Noir and Chardonnay. The following year, the Marina and Helena sparkling wines were launched, consolidating the winery's initial journey.

PRODUCTS

Brocardo Vineyards and Wines is founded on respect for the land and nature, valuing the strength of the terroir that gives rise to each vine. With this same care, we transform selected grapes into unique wines and sparkling wines, crafted to provide memorable experiences and celebrate special moments.

Located in the Serra do Sudeste, one of Brazil's most promising wine regions, the winery combines tradition, excellent terroir, and its own vineyards to produce nationally and internationally recognized labels. Among the portfolio's highlights are the Marina Brut Rosé Sparkling Wine, awarded 92 points in the Descorchados Guide 2023 and 90 points by Adega Magazine, and the Helena White Nature Sparkling Wine, which won 94 points in the Descorchados Guide and 91 points by Adega Magazine. The winery also stands out with its Carvalho Chardonnay, Pedrosa Chardonnay (88 points by Adega Magazine), Pinot Noir, and Brocardo Moscato Hamburgo Rosé wines, the latter rated with 88 points by Adega Magazine.

With a focus on quality and the authentic expression of its terroir, the winery has been consolidating its presence among the country's leading wine and sparkling wine producers.

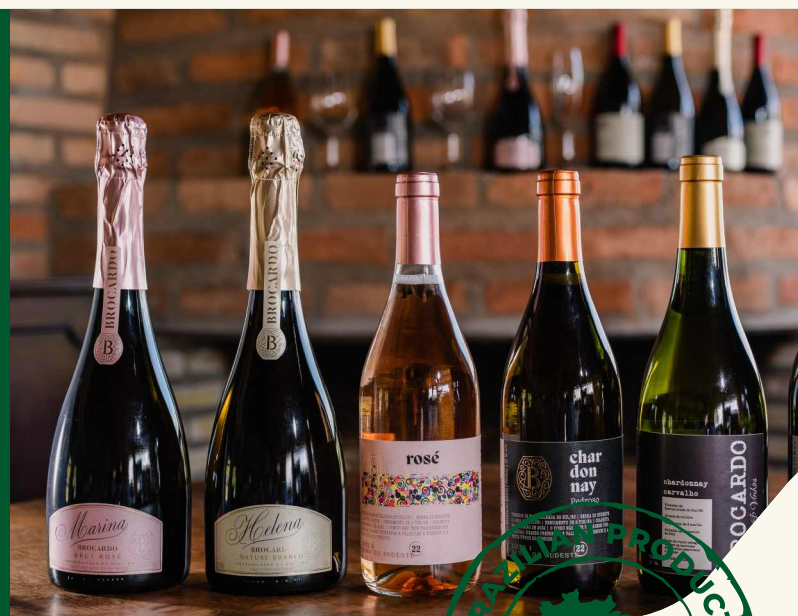

Our sparkling wines and wines express the region's identity and the care taken in every stage of production. The Helena Nature Sparkling Wine, made from 100% Pinot Noir, stands out for its greenish straw color, aromas of white fruits such as pear and peach, and its firm and elegant acidity, characteristics that reflect the quality and authenticity of Brocardo products.

DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:

Brocardo Vineyards and Wines has a production capacity of approximately 600 bottles per month, allowing for careful monitoring of all production stages. This production scale reinforces the winery's commitment to quality, attention to detail, and the authentic expression of the Serra do Sudeste terroir, resulting in wines and sparkling wines of unique identity and high standards.
