

HONEY AND BEE DERIVATIVES

COMPANY

Founded in 1984 in the city of Taquara RS, by two beekeepers, Sérgio Jorge Adams and Marcelo S. Giffhorn, where they are dedicated to offering high quality natural products, the company stands out for its dedication to sustainable beekeeping and its partnership with beekeepers.

Honey Yards is dedicated to processing and distributing the highest quality organic bee products in Brazil to domestic and foreign markets. Nestled between the coast and the mountains, is the most exclusive microclimate in Brazil, ideal for the purest practices of beekeeping.

Over the years, it has expanded its operations to include not only the domestic market, but also exports to various countries, gaining recognition for the excellence of its products.
