

**HONEY AND
BEE DERIVATIVES**

COMPANY

The product processing unit of bees, from SIF 1270 in the city of Prudentópolis in Paraná, which is known nationally and has been cleared by the Ministry of Agriculture for the international market.

Conceived by Joel Almeida Schmidt, who has been a beekeeper since he was 16 and has taught beekeeping and meliponiculture at IDR and SENAR PR for over 40 years.

Currently his partners Mary Ster Ranzani and José Luiz Kuhn, of the Capital do Mel and M.Ster brands, as well as Edmilson Aparecido de Chaves and sons, of the Apis Nobre Exportação e Importação Agroindústria Ltda brand, both companies have joined forces and are betting on new technologies.
