COMPANY

At Tavolo, we believe that true magic happens when people come together. Inspired by the Italian word for "table," we created a liqueur brand designed to celebrate moments of togetherness, friendship, and joy. Each bottle is a tribute to these special gatherings, where flavor blends with laughter, good conversation, and unforgettable experiences.

Our mission is to provide authentic experiences through carefully crafted liqueurs that bring pleasure and sophistication to any occasion. Whether it's Sunday lunches with family, nights out with friends, or celebratory moments, Tavolo is more than a liqueur; it's an invitation to savor life together.

PISTACHIO LIQUEUR: Tavolo's Pistachio Liqueur was developed for lovers of sophisticated and distinctive combinations. The delicacy of white chocolate meets the intensity and characteristic texture of pistachio, creating a creamy and balanced experience. The rum base adds elegance and complexity to the blend, perfectly harmonizing the flavors and providing a refined, velvety, and unforgettable liqueur, ideal for the most demanding palates.

MOCHA LIQUEUR: Tavolo's Mocha Liqueur celebrates the perfect union of coffee, chocolate, and coconut. The roasted coffee provides depth and intensity, while the chocolate adds richness and smoothness. The hint of coconut completes the composition with an exotic and delicate note. Enveloping all these elements, the whiskey adds sophistication and complexity, resulting in an elegant, balanced, and memorable liqueur, perfect for those who appreciate bold flavors and unique experiences.

CERRADO LIQUEUR: Cerrado Liqueur captures the essence of Mato Grosso do Sul in an authentic creation full of identity. Made from the tropical combination of passion fruit and small cajá, it is infused with burrito, an ingredient that evokes Guarani tradition and the tereré culture. Its alcoholic base is composed of a gin distilled in Campo Grande, the "Morena Capital," providing structure, freshness, and elegance to the drink. More than a tribute to the biome that inspires its ingredients, Cerrado represents Tavolo's origins, bringing together in every sip the flavors, aromas, and memories that are part of life in Mato Grosso do Sul.

DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:

We believe that responsibility goes beyond words and should be reflected in concrete actions. Therefore, for every 750 mL bottle of Cerrado Liqueur sold, we donate R\$ 1.00 to initiatives for the preservation and recovery of the biome. It is a symbolic contribution that, combined with the support of our consumers, generates a positive and lasting impact. After all, it wouldn't make sense to celebrate the riches of our land without also contributing to its conservation.
