

## COMPANY

We are a family company with over 28 years of experience in the production of natural, organic, Vegan Kosher and gluten-free products. FHOM, the initials of the names of its founders and their children, is located in the Serra do Mar, in a place of easy access.

FHOM was born with the intention of manufacturing snacks, but with the passing of time and the changes that have occurred in the Brazilian diet, it decided to make a radical change in its products, reformulating all recipes and eliminating everything that was not natural. Today Fhom can boast an animal product-free, gluten-free, and allergen-free plant.
