

PASTA AND COOKIES

COMPANY

In 1959 the Santo Antônio Bakery was born in Fortaleza, and in 1964 it became INCA - Industria Cearense de Alimentos, producing pasta and cookies. Over the years, and in order to meet the industry's growing demand for expansion, the Santa Lúcia Mill was created in 1999 in Aquiraz, in the metropolitan region of Fortaleza.

With the implementation of the wheat mill, new and modern machinery was acquired for the cookie, pasta and wafer production lines. In 2012, the company was acquired by the M Dias Branco group, when we were out of business for six years. Until, in 2018, led by the former owners, the Santa Lúcia Group returned to its wheat milling and pasta production activities with S L Alimentos S.A.

Always evolving, in 2023 the company changed its name to Pedalusa Alimentos S.A and the Santa Lúcia Group changed its name to the Damezza Group, while its corporate structure remained unchanged. Its product portfolio was expanded with the introduction of the production of ice cream cones, filled rolls and fine cookies. Working with the Damezza, Coração Nordestino, Puríssima, Danado de Bom and Nutrilar product lines, our aim is to bring flavor, quality and innovation to the tables of Brazilians, combined with the tradition of those who have been in the market for over 60 years. This year, Pedalusa Alimentos S.A. is structuring itself to invest in foreign markets.
