

NATURAL TEA

COMPANY

Chagran was founded in Fortaleza as a company dedicated to creating blends of natural and authentic teas inspired by Brazilian biodiversity. Its purpose is to offer health, well-being and a connection with nature through sustainable products, without artificial additives and with responsibly sourced ingredients.

We operate in the market for premium teas and natural products, serving consumers who seek quality, a healthy lifestyle and unique sensory experiences. Chagran combines tradition, innovation and purpose, standing out for bringing exclusive blends to the market that represent Brazil's cultural and botanical wealth.

PRODUCTS

Chagran offers blends of premium teas, made with selected Brazilian herbs, flowers and spices, 100% natural and without artificial additives. Produced in small batches to guarantee freshness and quality, our teas value authentic ingredients, such as the imbiriba (Eschweilera ovata), which are little explored by the competition.

Each blend is developed to provide a unique flavor, a striking aroma and benefits for physical and mental well-being. We use sustainable packaging that preserves the properties of the herbs and reinforces our environmental commitment. Chagran's differential lies in uniting authenticity, health and purpose, transforming the simple act of drinking tea into a lifestyle experience.
