COFFEE

COMPANY

Santana Farm has been dedicated to coffee production since 1967. In the town of Campestre - South of Minas Gerais, at an average altitude of 1,100 meters.

The planting started by the pioneers: Abrão Simão Zenun and his wife Dagmar Siqueira Zenun, and was expanded by their children.

To reach the certification, Santana Farm implemented a project of reforms and training, always aiming at improving the working conditions and the production process. Since 2009 it produces exclusively certified coffee.
