

COMPANY

Founded in 2014 at Sítio Pejuaba in Ibiapina, Ceará, MEU SUCO was born with the aim of offering natural, quality fruit pulp. We started with four flavors and, thanks to our dedication and commitment to excellence, today we serve wholesale and retail chains in the North, Northeast and Midwest regions.

We currently offer 13 flavors, including organic versions, and we continue to expand our portfolio. With MAPA registration (CE000425-1), we guarantee safe, traceable products of reliable origin, delivering not just flavor, but trust and partnership to strengthen your business.
