COMPANY

OFF RIO Distillery, Brazil in every drop! Located in the Serra Fluminense region, in the state of Rio de Janeiro, OFF RIO was born with the aim of innovating the cachaça sector. This innovation is present in every detail, from the presentation of the brand, bottles, labels and concepts to the sensory experiences we give each person.

We are the first distillery in Rio de Janeiro to combine special micro-batches, contemporary design and experiential tourism around Brazilian cachaça. We have won 15 national awards and one international award, including gold at the Concours Mondial de Bruxelles, as well as taking part in fairs such as Rio Innovation Week and the Salão Nacional de Turismo.

PRODUCTS

Cachaça that defies common sense.

Far beyond what you'd expect from a white cachaça, OFF RIO Prata surprises with its smoothness and balance. Rested in stainless steel, it preserves the essence of sugar cane

with a soft texture and a slightly sweet finish reminiscent of rapadura. Versatile and elegant, it is perfect for cocktails, enhancing fruit, citrus and herbs without overpowering flavors, the secret to transforming the classic Caipirinha into a sophisticated experience.

More than just a drink, OFF RIO translates tradition into an experience, elevating Brazilian authenticity to a new level of excellence, with sensory profiles that dialogue with palates from all over the world.

Discover the art of tasting premium cachaças and distillates produced in exclusive micro-batches, made with dedication, tradition and innovation - a true toast to nature and Brazilian culture.

DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:

Production capacity: Our current structure allows us to produce up to 80,000 liters of cachaça per month, maintaining strict quality standards at every stage of the process.
