

**HONEY AND
BEE DERIVATIVES**

COMPANY

We are a family company with more than 25 years of experience, and its founder is Ana Lourdes de Oliveira Lustosa, who started as a beekeeper with 50 boxes of bees.

Today it is made up of the head office in Sete Lagoas and the manufacture of granolas, natural cereals, seeds, and nuts. Bullets etc.

Our social responsibility and our concern with the environment make us contributors to a better planet, thus always improving our production quality with conscientious collaborators for the improvement of everyone and everything.

PRODUCTS

We work with the most modern production and commercialization techniques, and a highly qualified technical staff.

Our honey and propolis are harvested in compliance with the standards required by the Ministry of Agriculture. We are always concerned about our customers' pain, so that we can offer them the Best by bringing them healthy pure food, and thus contribute to our growth and the improvement of our world.

Our social and environmental responsibility ensures the high quality of our products and a harmonious coexistence with the communities from which our employees come.

The honey and propolis that come for processing come with the producer's certification, which we have the record of the location through its geographical coordinates longitude and latitude. Declaration of non-contamination with agrochemical products and good manufacturing practices.

Rosemary green propolis has botanical certification.
