## JUICES AND PRESERVES FROM FRUITS

## COMPANY

Maria, inspired by fond memories of her grandmother making yellow plum jam, decided to go into the artisan jam business. After gaining knowledge in manufacturing courses, she started her small business in 2022, with the help of her husband and daughters. Under the name "Maruta's", a combination of his family's names, the family business quickly expanded its production to include a variety of jam flavors.

With a board made up of her daughters and her husband, Maria leads Maruta's with the mission of offering natural and quality food, aiming to be recognized among the best companies in the sector. With an approach centered on innovation, the company seeks to bring food that transforms ordinary moments into "special moments" to consumers across the country and around the world.
