

HONEY AND BEE DERIVATIVES

COMPANY

Bee Propolis Brasil is a company that specializes in the production, processing, and sale of green propolis (also known as “bee glue”), a genuine Brazilian product recognized throughout the world as the “Green Gold of Minas Gerais.”

Bee Propolis Brasil is equipped with its own apiaries and guarantees that honey is procured from over 520 highly-qualified beekeeping families, certifying the origin and source of green propolis through a comprehensive tracking system.

NCM 04.10.00.00

Propolis Verde de Minas Gerais is protected by the Designation of Origin granted by the National Institute of Industrial Property (INPI).

GREEN PROPOLIS

A substance produced by bees from bee hives based in the Midwest region of the State of Minas Gerais and whose native flora is rich in a plant known as “alecrim-do-campo” (Baccharis dracunculifolia).

A natural antioxidant rich in bioflavonoids and a high concentration of Artepillin-C, it is a powerful agent in the prevention and fight against cancerous tumors.

Its compounds are grouped into different functions and possess scientifically proven biological properties, which can help prevent and combat viral respiratory diseases like H1N1 and COVID-19.

DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:

Processes approximately **60 tons** of propolis per year.

It is located in a prime area of Minas Gerais in the town of Bambuí near the mouth of the São Francisco River by the Serra da Canastra chain.
