PRODUCTS

NCM 1701.99.00

Sugar is an authentic Brazilian type. We offer sugar in five variations: ICUMSA SUGAR 45, ICUMSA SUGAR 150, ICUMSA VHP 600-1200 SUGAR, ORGANIC A-400, and ORGANIC A-600.

We are exporters of sugar to the international market, bringing energy to people all over the world. Besides sugar, sugarcane is our main source for ethanol and biomass production.

Thus, we have established ourselves as a major exporter of sugarcane derivatives and a world reference in renewable energy from sugarcane bagasse.

We always seek to improve our processes to contribute to a cleaner and more renewable energy matrix for Brazil and the planet Earth.

DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:
