

Brasilbest cafés Ltda

**FRUITS AND
VEGETABLES**

COMPANY

Brasil Best was founded in 2018 in the state of Rio Grande do Norte (RN). In the beginning, the company's project was to export coffee from the southeast of Brazil. However, the company started operating Fazenda Estrela da Manhã in the municipality of Zumbi in RN, with 240 hectares being used for coconut and cashew plantations.

Brasil Best works with a trained and qualified workforce, complying with labor and regulatory requirements, and respecting the environment through techniques that minimize environmental impact.

PRODUCTS

Brasil Best values quality products and always makes sure that consumers can enjoy the best of the fruit. To this end, the company is committed to quality and social and environmental responsibility, from cultivation to the end customer's table.

THE DRIED COCONUT

Coconut is one of the company's main products and is widely accepted on the national and international markets.

Health benefits of coconut: It has an anti-inflammatory action, is rich in fiber which helps with intestinal function and potassium, and is an excellent source of energy due to its high calorie content.

CASHEW NUTS

Cashews are the farm's second largest product. Chestnuts are sold naturally. The nutritional value of cashew nuts is immense. It prevents premature ageing: as it is rich in antioxidants, it prevents damage from free radicals; it helps memory: it contains selenium, a nutrient that protects brain health, as well as vitamin E, which helps prevent diseases such as Alzheimer's.

COFFEE

origin of the southeastern region of Minas Gerais, offers the best conditions for growing arabica coffee at an altitude of 1,000 meters, which produces beans of high value and flavor.
