

COFFEE

COMPANY

Evania is a tribute to my mother, who passed away at the age of 36. She was a dedicated coffee grower. With the part of the inheritance that was destined for me, I decided to continue investing in specialty coffee, honoring its legacy. In 2019, I was honored to be awarded 2nd place in the Rio de Janeiro state coffee contest.

I continue today producing coffee of excellence always with a lot of love and with my heart full of gratitude for my mother.

Our coffee is grown in consortium with banana trees, which enhances soil fertility. It has a fruity sweetness and a fragrance that combines notes of caramel, brown sugar, red fruits, rapadura (panela), sugar cane and floral touches.

Its body is full-bodied and creamy, providing a unique sensory experience. We use rainwater harvesting in dry boxes to keep the soil always moist, ensuring the sustainability and quality of our coffee.
