

COMPANY

Herança do Cerro is a family-run agro-industry dedicated to producing high-quality extra virgin olive oils and blueberries. Founded on the basis of tradition and care for the land, the company combines innovation and sustainability, transforming the raw materials grown on its own farm into nationally and internationally recognized products.

In addition to award-winning olive oils, it offers fresh and frozen blueberries, liqueurs, sorbets and jellies, as well as a line of vegan cosmetics based on olive oil. Operating throughout Brazil, Herança do Cerro values origin, flavor and health, maintaining a commitment to excellence and authenticity.

PRODUCTS

Internationally awarded, they stand out for their intense fruity flavor, with a balance between bitterness and spiciness, the result of the cultivation of the Arbequina, Arbosana, Koroneiki and Picual varieties which, with each

harvest, are combined by a specialist in order to deliver a unique product of the highest sensory quality to consumers. It stands out for its 100% national production, fully controlled process from olive grove to bottling and its commitment to sustainability and traceability. Combining family tradition, innovation and a unique terroir, we deliver a sophisticated and authentic olive oil that values health, flavor and Brazilian identity.

Internationally awarded quality - extra virgin olive oil recognized in competitions, with a superior taste and sensory profile. 100% national and integrated production - complete control of the process, from growing olives to bottling, guaranteeing traceability and authenticity. Sustainability and certified origin - responsible agricultural practices and the "Premium Origin and Quality RS Product" seal, which reinforce trust and differentiation in the market.
