

FAZENDA

Canta Galo

COFFEE

## COMPANY

Fazenda Canta Galo started the coffee plantation in 1982 by the couple Heron Reger de Carvalho (im memoriam) and Marina do Carmo Sant'anna de Carvalho, in the municipality of Campos Altos, Minas Gerais.

Located at the foot of the Serra das Torres de Campos Altos, a privileged region for coffee production, in a transition area between the biomes of the Atlantic Forest and the Cerrado of Minas Gerais, with altitudes that reach 1260 meters, mild sunshine and rainfall regime ideal for coffee production.

All these factors contribute to the unique Terroir of our coffee, which has already been recognized by several awards in competitions throughout the country and international partners.

## PRODUCTS

NCM 09.0111.10

Located at the foot of the Serra das Torres de Campos Altos, a privileged region for coffee production, in a transition area between the biomes of the Atlantic Forest and the Cerrado of Minas Gerais, with altitudes that reach 1260 meters, mild sunshine and rainfall regime ideal for coffee production.

These factors corroborate for the unique Terroir of our coffee.

In addition, the farm maintains 60% of its area in permanent preservation, where several scientific research works have been developed cataloging new species of insects, such as *Perissobasis heroni*.
