

COMPANY

Agrorigem - The Coffee ID exporting company with the aim of bringing innovation in the trading of special coffee.

Multilateral digital platform to open new sales opportunities of special coffee for the producer, offering varieties of coffee profiles, from different origins, agility, confidence and transparency for the buyer.

We work with a team of employees focused to meet the three pillars of our business model: producers, customers and strategic Agrorigem accredited partners (warehouses and/or cooperatives).

PRODUCTS

NCM 0901.11.10

Special Coffees that in addition to having a differentiated drink, they have traceability, history, photos, quality and origin guaranteed.

All batches and micro batches are prepared in a special way. Homogeneous grains, sieve 16 above, drink greater than 82pts SCAA and made available through 30kg bags that retain the characteristics of the coffee for a period of up to 18 months.

We gather on our Agrorigem platform special coffees from several producing cities in Brazil. The batches have guaranteed origin, traceability and come directly from the producer. Accompanied by history and complete information regarding its quality, as well as photos and videos of the producer and the farm.

DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:

Year 2021 - harvest 21/22: 8,000 bags (60Kg) of coffees 82pts above 16UP NY2/3.

Year 2021 - harvest 22/23: 19,000 bags (60Kg) of coffees 82pts above 16UP NY2/3.

New harvest from July of each year. Intensive sales until December of each year, but we have coffees available year-round.
