

**HONEY AND
BEE DERIVATIVES**

COMPANY

Apiasul is a family business. We are the second generation of beekeepers and have been passionate about beekeeping since 1954.

Apiasul has its origins in family farming. We are the third generation of beekeepers and have been passionate about beekeeping since 1954. We are strategically located in the beautiful city of Glorinha in the state of Rio Grande do Sul, a place far from polluting sources, situated between the coast and the mountains of Rio Grande do Sul. We process and package Halal honey.

PRODUCTS

NCM 0409.00.00

We produce single-flower honeys from the region's four main flowers: Cambará white honey, Bracatinga honeydew honey, Japanese grape honey and eucalyptus honey.

The great thing about Halal honey is that its entire production chain follows specific rules that qualify it as a product free from chemical and biological contamination.

500g glass jar with flowers:

Silvestre, Eucalyptus, Japanese Grape, White Honey and Bracatinga Melato.

DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:

Current honey production:
100 tons per month
