

COMPANY

Brazi transforms the richness of Brazilian biomes into authentic gastronomic experiences. Using select fruits from the Pantanal and Cerrado biomes, we develop exclusive products that bring genuine flavors to the market, flavors that are still relatively unexplored internationally, highlighting Brazilian biodiversity and culture.

Based in Camapuã, Mato Grosso do Sul, Brazi combines tradition, innovation, and sustainability in the production of high value-added foods. Our commitment to origin and quality is recognized by the "Made in Pantanal" seal, a certification from Sebrae that guarantees the authenticity and regional identity of products made with respect for the region's natural resources.

PRODUCTS

Brazi offers a selection of handcrafted products made with carefully selected Brazilian fruits, including the traditional Rolled Papaya Sweet, as well as gourmet jams of Mango with Passion Fruit, Mango with Passion Fruit and Pepper, and Pineapple with Pepper. The product line also includes options with zero added sugar, such as the sugar-free mango and passion fruit jam, catering to consumers who seek a more balanced diet without sacrificing flavor.

Handcrafted with natural ingredients and without artificial preservatives, Brazi products combine authenticity, quality, and convenience. With a shelf life of between 12 and 24 months and storage at room temperature, they offer excellent preservation and efficient logistics. Positioned in the premium segment, they are ideal for delicatessens, coffee shops, hotels, brunch spots, and specialty stores. Furthermore, Brazi is prepared to meet the demands of international markets, preserving the artisanal essence and genuine flavors of Brazilian biomes in each product.
