## PRODUCTS

**NCM 1006.30.21**

**Paddy Rice**  
**Milled Rice**

Product grown in southern Brazil. It is part of the diet of Brazilians and many other countries. Rio Grande do Sul is the main producing state in Brazil and has the highest quality long and fine rice in the world. It is exported to several countries. This export can be in husk (only to the Americas) or milled (to all countries).

## DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:

**Rio Grande do Sul accounts for an average of 70% of the rice produced in Brazil. The harvest begins at the end of February and lasts until April. It's a high-quality product.**
