

COFFEE

COMPANY

Our story began in the mid-1940s. When Lázaro de Carvalho Faria, our dear Zaro, started planting coffee on Fazenda Fangueiro, in a small town in the southwest of Minas Gerais, Alpinópolis, affectionately known as Ventania.

Zaro, a hard-working, enterprising man with a big heart, a person of faith who left many marks and memories wherever he went, be it with his family, community, friends or collaborators. Our story continues with José Lázaro, his first-born son, and his children, who began to invest in coffee production, taking care of the work started by Zaro with love and affection.
