

## COMPANY

Coperametista is a cooperative located in Ametista do Sul, in the state of Rio Grande do Sul, founded with the goal of promoting the local production of grapes and related products. The cooperative operates primarily in the production and marketing of wines, juices, and other products related to viticulture.

Its purpose is to strengthen family farming, encourage regional development, and offer quality products to consumers. Coperametista also promotes tourism and wine culture in the region, contributing to the local economy and enhancing the value of its associated producers.

## PRODUCTS

NCM 2009.61.00

Coperametista's 100% pure grape juice is made exclusively from selected grapes, with no added water, sugar, or preservatives. Produced using extraction technology that preserves the natural characteristics of the fruit, the

product maintains the intense flavor, distinctive aroma, and high nutritional value of the grape. Rich in natural antioxidants, it's a healthy option for all ages. Among its distinguishing features are the origin of the grapes, grown by local producers in Ametista do Sul, the care taken in processing, and the guarantee of a pure, whole, and high-quality juice.

Coperametista's pure grape juice offers three main competitive advantages. First, it is 100% pure, produced only with selected grapes, without the addition of water, sugar or preservatives. Secondly, it has controlled origin, with grapes grown by local producers in Ametista do Sul, guaranteeing quality and authenticity. Third, it stands out for its careful production process, which preserves the flavor, aroma, and nutrients of the fruit, offering a healthy, pure product with distinctive sensory characteristics, different from many industrialized juices available on the market.

### DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:

Average annual production capacity of approximately 50,000 liters, ensuring a regular supply and consistent quality throughout the year.
