PEPPERS

COMPANY

Sabor das Índias, a company specialized in gourmet peppers and sauces, was born in the kitchen of Moreira de Aquino back in 1994. The idea came out of the family's modest pepper plantation, as they dreamed of one day growing into an industry.

The company, located in Vinhedo in the countryside of São Paulo, is now run by brothers Diogo and Gustavo and it exports various items derived from pepper to Angola, Canada, China, Dubai, United States, Holland, England, Paraguay, Portugal, Switzerland, Kuwait, Greece and Germany.

PRODUCTS

Our products are made from high-quality, selected, natural ingredients that are free from preservatives and dyes, produced from peppers such as pout, murupi, jalapeño, goat, chilli, jolokia, chipotle, carolina reaper, and many other ingredients from Brazil.

Boasting a combination of traditional country fruits, the products are bursting with versatile, authentic and unique flavor.

The specific products from the Amazon Line – such as cupuaçu jelly with murupi and murupi hot sauce – have part of their profits from sales allocated to AMPA to help in the fight against the extinction of aquatic animals in the Amazon.
