## COMPANY

Café Raiz portrays the story of a family that for four generations has dedicated its life to quality coffee farming. Through hand-selected grains, in the mountains of Matas de Minas, and dried slowly, we are able to put various nuances of the countryside on your table, in a sustainable way! We are honored to be part of your day to day life!

Quality, competitive price with the coffee market, diversity of sensorial notes, sustainable production, valorization of the collaborators involved in the process, free courses (Coffee Farming, Administration, Mechanics, Machine Maintenance, etc.) on the farm in partnership with Senar Minas for the development and qualification of the regional citizens' labor.
