

## WHO ARE WE?

Founded in Barreira, our cashew nut processing company began with a dedicated team and a clear vision: to produce nuts of exceptional quality. Over the years, we have expanded, investing in technology and expertise to improve our process. Rooted in sustainable practices, we honor local traditions by maintaining a close relationship with farmers.

# OUR COMPANY

Our journey is marked by the relentless pursuit of excellence, exploring new products derived from cashews. Today, we are a benchmark in the region, proud of our history and committed to a future of sustainable success.

# OUR PRODUCT LINE

NCM 0801.32.00

We are cashew nut processors in Barreira, in the interior of Ceará, working with selected fruit.

Our aim is to bring tasty and, above all, healthy food to Brazilians, always following the quality standards demanded by the inspection bodies.

Delivering an excellent quality product with respect, attention and care for the environment is our mission.

Our company stands out for its meticulous processing process, guaranteeing quality and freshness. We prioritize sustainability at every stage, from the origin of the ingredients to final production. In addition, our constant innovation results in a unique variety of cashew-derived products. These elements combined make us stand out in the market, offering customers an exceptional and differentiated experience.

# PRODUCTION CAPACITY

Our production capacity is robust, with efficient systems to guarantee quality and efficiency. We manage seasonality with stock strategies and production flexibility. Our team is prepared for seasonal peaks while maintaining standards of excellence. With modern infrastructure and continuous innovation, we adapt to market demands.
