

## FRUITS AND VEGETABLES

## COMPANY

We are a Brazilian company specializing in the production of citrus products, using oranges, Sicilian lemons Tahitian limes as our raw materials. We serve the national and international markets, adapting our products to the needs of our customers and contributing to the development of the region in which we operate.

We have our own Sicilian lemon orchards and are Brazil's largest producer of this raw material. We generate around 300 direct jobs and around 1,200 indirect jobs, taking into account the labor in the fields, the labor generated in the transport sector and other support services. The company aims to become Brazil's largest producer and exporter of the products it produces. Its values are Ethics, Responsibility, Competence, Partnership, Respect and Excellence.

## PRODUCTS

We offer a 100% natural concentrated juice, with no added sugars or preservatives, enhancing the authentic flavor of the fruit.

We use recyclable packaging to attract environmentally conscious consumers.

We have quality certifications that add value and confidence to the product. The clean, attractive appearance of clarified juice, ideal for cocktails and premium drinks. We use technologies that preserve nutrients while maintaining quality and taste.

Our Essential Oils use cold extraction methods that offer and maintain exclusive aromas.

We highlight the nutritional benefits of the dried peel, which is rich in fiber and used to produce pectin, which is also a versatile ingredient in food, cosmetics and pharmaceutical products.

Total use of fruit as a sustainable practice, attracting consumers who value reducing waste.
