

COCOA AND CHOCOLATES

COMPANY

COOPATRANS is a cooperative of 40 farmers, cocoa producers that was born in 2010, with a legitimate demand from its members to verticalize the production chain of cocoa and generate employment and local income, and add value to the product, cocoa beans, the main raw material for chocolate production.

The industry is located in Medicilândia, in the southwest of the state of Pará, 1,000 km from the capital Belém. COOPATRANS owns the Cacauway brand, a trademark that produces and sells the finished products.

PRODUCTS

NCM 1801.00.00

The main product is the cocoa beans, but, currently, the beans are the least commercialized product, because they are processed in the industry and turned into chocolate.

Cacauway works with 9 different formulations, from milk chocolate 30% cocoa, through white chocolate, to 100% cocoa, with no other ingredients added.

We produce truffles, tablets, bars, coin drops, and seasonal products. Our chocolates are free of hydrogenated fats, artificial dyes and flavorings.

Cocoa beans produced with high rigorous fruit selection, accompanied fermentation process and natural drying. Our beans are classified as Type I fine cocoa.

DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:

Our farmers have a **production capacity of 600 tons of cocoa beans per year**, only 20% come out as high quality cocoa beans, the other 80% are sold as "Cocoa Book".
