

COFFEE

COMPANY

Founded next to the railroad and the Ipoméia Station, in São Sebastião do Paraíso (MG), Ipoméia Farm started coffee cultivation in 1986, with only 10,000 trees planted.

Today, the farm has 517 hectares and about one million five hundred thousand coffee trees in production. We have over 30 pairs of strong arms and passionate coffee hearts working every day to deliver unparalleled quality coffee!

PRODUCTS

NCM 0901.21.00

Constantino coffee in beans, ground, capsules for Nespresso® and Drip Coffee

Every package contains 100% Arabica beans selected under strict quality control in a special blend of Mundo Novo and Yellow Catuaí varieties, resulting in a balanced, creamy, velvety coffee with a marked chocolate and nutty aroma. On the palate, the natural sweetness of the grains contrasts with the pleasant acidity of ripe red fruits and caramelized flavor.

DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:

Production capacity of 10 tons/month, with the possibility of making its own brand, different grinds, and different coffees with different roasts, for other sensorial purposes.
