

COMPANY

Vitta Fresh is an innovative company that emerged from the union of two companies with complementary passions: Estrela Vitta Chás, with its desire to transform dry teas into ready-to-drink carbonated teas, and Cervejaria Cão Loko, with its expertise in beverage production, found a perfect synergy during a Business Mission to Dubai.

We also specialize in meeting private label demands and outsourcing projects, guaranteeing high quality products and flavors that delight. Choose Vitta Fresh and toast to health in style!
