Batalha Fruity Olive Oil – Extra virgin olive oil with a delicate and balanced profile, with herbaceous notes reminiscent of cut grass and tomato. Produced mainly with Arbequina olives, complemented by other selected varieties, it offers smoothness and elegance, harmonizing perfectly with salads, fish, white meats, mild cheeses, fruits, and desserts.

Batalha Intense Olive Oil – Stands out for its pronounced fruitiness, with aromas of fresh herbs, such as basil and parsley. Its bitterness and spiciness are present and well-balanced, providing a rich and sophisticated gastronomic experience. Made with varieties such as Picual and Frantoio, it is ideal for pairing with cod, paella, lamb, bitter green salads, and aged cheeses.

Batalha Azeites is one of the main references in Brazilian olive growing, with approximately 400 hectares of its own olive groves, two modern production facilities, and over 60 international awards, which attest to the quality, authenticity, and excellence of its extra virgin olive oils.
