## PRODUCTS

**NCM 2208.40.00**

Famosinha de Minas is a cachaça aged in Amburana (Brazilian cherry) barrels, which results in a delicious and complex profile of flavors and aromas. Aging for almost two years in Amburana gives Famosinha a soft yellow color and a unique flavor that combines notes of cinnamon, vanilla and banana aromas. Its balanced flavor is also reminiscent of herbal and floral notes. The palate finishes with a spicy sensation of vanilla and spices.

Many people say that Amburana, being an exclusively Brazilian wood, together with the remarkable flavor of our cachaça, gives it a "taste of Brazil" sensation.
