

**NATURAL  
MINERAL  
WATER**

## COMPANY

Located in the municipality of Bananal-SP, the Attiva Group has been bottling natural mineral water and manufacturing energy drinks and alcoholic beverages for over 10 years. The company is located in a green area protected by the Atlantic Forest and preserves many of its natural resources.

### Infrastructure

The plant's infrastructure meets strict quality standards, from the analysis of water properties to bottling and distribution. The entire process takes place in a modern system made of stainless steel, with no manual contact.
