

FRUITS AND VEGETABLES

COMPANY

We are a family business founded in 1988 and dedicated to cultivating, manufacturing and providing quality in fresh fruits and natural products.

Grand Valle is located in the northeast of Brazil, in a region of world reference in fruit production due to the extremely favorable conditions of climate, water supply and soil.

PRODUCTS

With more than 43 years of experience in agriculture, we are proud of ourselves for prioritizing the quality of our products and promoting a relationship based on honesty and transparency with our customers, suppliers and employees. Our company maintains good working practices and conduct with the environment, which give us the highest international standard certifications.

All our products are natural, without preservatives or additives. In addition, the use of inputs is monitored and controlled. We respect the environment through sustainable practices such as the correct use of the soil and the control of waste generation.

MANGO IN NATURA
