

COMPANY

The **Cacau Bahia Especial Consortium** is the largest producer of special cocoa by volume in Brazil. They are farms based in the cocoa region of southern Bahia State, employing around 600 workers. The region boasts superb plantations and state-of-the-art facilities for fermentation, drying, and storage. Production adheres to high standards with social and environmental responsibility, along with quality and regional certifications.

The **CCBE – Cacau Bahia Especial Consortium** offers the finest varieties of superior quality, single-origin cocoa.

PRODUCTS

NCM 1801.00.00

NCM 2008.99.00

Our farms produce higher quality cocoa, renowned by experts for its unparalleled flavor. The beans are harvested within a "cabruca", a cultivation system for cocoa that grows harmoniously with the Atlantic Forest, a practice that yields unique and authentic aromas and flavors.

We pay special attention to each step in the production process and apply environmental and social responsibility, thus assuring that our beans, pulp, and cocoa honey are the best they can be.

- **Fine and Special Cocoa Beans**
- **Pulp and Cocoa Honey**

DETAILS ON PRODUCTION CAPACITY, SEASONALITY AND OTHER CHARACTERISTICS:
