## PRODUCTS

Cachaça has divided opinion for many years, perhaps due to some people's not-so-good first experiences or to a collective unconscious from years of stigmatization.

We often say that a lot of people like cachaça, but they don't know it yet. For this reason, Quero Chuva wants to spread, like a fine drizzle, a new vision of the drink, using a variety of flavors, aromas and stories. After all, cachaça is definitely not all the same.

When it comes to cachaça, Quero Chuva arrives on the scene to show that there is an incredible world far beyond common sense.

Who would have thought that there would be a cachaça that could be soft and striking at the same time? We can all be whatever we want. We can be a mist, a drizzle or even a summer rain.

Find out. We are a storm of possibilities. **The sky's the limit!**
