

JUICES AND PRESERVES
FROM FRUITS

COMPANY

NETTARE IND. COM. IMP. EXP. DE ALIMENTOS LTDA, founded in April 2004, specializes in the extraction of frozen fruit pulp, with the strictest and most advanced technological processes that guarantee the taste and nutritional characteristics of the fruit in the form of 100% natural fruit pulp.

We bring our customers the delicious taste of fruit in the form of pulps, producing, freezing and distributing 100% natural products, with rigorous processes and quality controls.

Located in Uberlândia - MG, a privileged region for its location and fruit production, it guarantees sorting with the shortest time between harvest and extraction, providing a product of excellent quality and with all the nutritional characteristics of the fruit.
